

WESTERN HORSEMEN OF OREGON

June 2017 newsletter

PRESIDENTS MESSAGE

Well, Let's start with the bad news first. Terri Leach had a serious accident during warm up at The Canby show June third. I am sure you have all heard about this by now, and hopefully you have heard she got to go home June sixth to start her rehab. Please keep her in your thoughts and prayers for a speedy recovery. It really bothers me because she just got Tizzy back to health this year and I was excited to see her riding that great mare again. I will look forward to seeing them compete in the near future.

Now for the good news. Tasha Ballstaedt took her great horse Shake Em 5A at the Canby show with two nice Keyhole runs. She has just brought him back from a year off due to an injury, and was really surprised to have him come back so strong. Good job!

As you can see from the show highlights, we have some really strong horse and rider combos running some great times. These outdoor shows should bring us some more great times and set Oregon up to whip some ??? at Interstate this year. Let's keep up the great work and be safe!

Tully

JUNIOR DIRECTOR

To WHO Junior Member,

The 4th of July Junior show is just weeks away. Attached is the sponsorship sheet. The sponsor sheet is given to you so that you can get sponsors for the events at the WHO Junior Show which will be July 1st and 2nd at the Horse Haven arena. Sponsors will be announced throughout the weekend, the sooner you get your sponsorship sheets turned in, the sooner you will get to have your sponsors announced.

The sponsorship money is put straight into the junior account and helps to go towards things like the junior year end awards, Interstate sweatshirts and our junior scholarship program. Each sponsor that you obtain will have their names announced at the junior show during the event they choose.

The top 2 juniors that bring in the most sponsorship \$\$\$ will be getting awards. In trying to make this show as fun for EVERYONE there will be worker raffles as well.

This show is an important fundraiser for the WHO Juniors. As always we will need volunteers throughout the weekend, and a reminder to juniors that they are expected to work when they are not riding. This should be a super fun show, can't wait to see you all there!

**ALL SPONSORSHIP SHEETS AND MONEY MUST BE TURNED IN BY SUNDAY MORNING (JULY 2rd)
AT 8 AM!!!**

Please e-mail questions to heathandtosh@gmail.com or call 503-799-2101

MEMBER NEWS

Congratulations to Heath Ferrando & Ace and Tasha Ballstaedt & Shake Em for going 5A!

CHEERS! to the newlyweds Brandon & Lauren (Payton) Jensen.

Kuddos to Cody Abatie for winning the first AND second Colt Starting Challenge he entered. He is currently sitting No. 2 in the nation.

Best wishes to Terri Leach as she recovers from her accident. She was bucked off her young horse and had neck surgery for a shattered C6. She is in a collar for 3 months and no riding for a year. So grateful Terri is OK and will be back riding with us in the future.

Seven tips to help keep your horse healthy while traveling:

1. Discuss upcoming travel with your veterinarian to determine whether there are possible disease risks prevalent in areas to which you're traveling, as well as any event health requirements.
2. Bring your own equipment, including buckets, and do not retrieve water from a communal source. When filling buckets, keep the hose nozzle above the water level, and do not allow the hose or nozzle to touch the bucket.
3. Before unloading, ensure your horse's stall is clear of prior bedding, organic matter and other residual materials. Spray down your horse's stall with a disinfectant.
4. Continue familiar feeding regimens to minimize stress and help avoid colic.
5. Limit exposure to other horses, especially direct nose-to-nose contact. Strangles and equine herpesvirus can be passed on to your horse from passive carriers.
6. Use caution in communal areas, like grazing areas, as bacterial infections and parasites can live outside of the host.
7. Keep a daily log of your horse's temperature to quickly identify illness.
